

### RSS Evaluation Summary and Analysis

RSS Title:	
Institution:	
Course Director:	
Date:	
Type of RSS	<input type="checkbox"/> Grand Rounds <input type="checkbox"/> Journal Club <input type="checkbox"/> Case Conference <input type="checkbox"/> M&M Conference

**1. Number of respondents of health-care providers (HCPs)**

Total number of respondents	
Number by HCPs:	
MD/DOs	
PharmD/RPh	
NP/APN	
PA	
Nurse	
Other	

**2. This series has increased, improved, or positively impacted my:**

	Number (n) responded to this item (give the number of respondents, not the percentage)
Knowledge	
Competence	
Performance	
Patient Outcomes	
No change	

**3. The series is scientifically sound and free of commercial bias\* or influence:**

	Number (n) responded to this item (give the number of respondents, not the percentage)
Yes	
No	

**4. The American Board of Medical Specialties/Institute of Medicine core competencies addressed by this series:**

	Number (n) responded to this item (give the number of respondents, not the percentage)
Patient care or patient-centered care	
Interpersonal & communication skills	
Practice-based learning & improvement	
Professionalism	
Systems-based practice	
Interdisciplinary teams	
Quality Improvement	
Utilize informatics	
Medical Knowledge	
Employ evidence-based practice	
None of the above	

**5. Learner's reported that they will change, or have changed, their practice as a result of attending this RSS:**

	Number (n) responded to this item (give the number of respondents, not the percentage)
Create/revise protocols, policies, &/or procedures	
Change the management &/or treatment of patients	
This RSS validated my current practice	
I will not make any changes to my practice	
Other	

**Explanations provided**

Create/revise protocols, policies, &/or procedures	
Change the management &/or treatment of patients	
This RSS validated my current practice	
I will not make any changes to my practice	
Other	

**6. Please indicate any barriers perceived in implementing these changes.**

	Number (n) responded to this item (give the number of respondents, not the percentage)
Cost	
Lack of experience	
Lack of opportunity (patients)	
Lack of resources (equipment)	
Lack of administrative support	
Lack of time to assess/counsel patients	
Reimbursement/insurance issues	
Patient compliance issues	
Lack of consensus or professional guidelines	
No barriers perceived	
Other	
Other specified	

**7. Participants plan to address these barriers to implement changes in knowledge and/or behavior by:**

**8. According to the learners, changes that might be made in the format of this series in order to be the most appropriate for the content presented**

	Number (n) responded to this item (give the number of respondents, not the percentage)
Format is appropriate, no changes needed	
Include more case-based presentations	
Increase interactivity with attendees	
Add breakouts for subtopics	
Add a hands-on instructional component	
Schedule more time for Q and A	
Other	
Other specified	

**9. Learners recommended the following to improve this series?**

**10. Based on your educational needs, please list any topics you would like to see addressed in future educational activities.**

**11. Other Comments**

## Analysis of the Outcomes and Effectiveness of the RSS Activity

1. This RSS was a:  Journal Club  Grand Rounds/Lecture Series  Case Conference  Other

**Based on what you discovered from your evaluation data, please respond to the following questions.**

2. How effective was the 2015/2016 RSS activity in meeting the stated objectives?  
 Very effective  Effective  Somewhat Effective  Barely Effective  Ineffective
3. How well did this series accomplish improving the learner's knowledge (either in clinical care, research, teaching, or administrative practice)?  
 Very well  Well  Needs some improvement  Needs a lot of improvement  Not at all
4. How well did this series accomplish improving the learner's ability to adopt or modify strategies (competence) in their professional practice (either in clinical care, research, teaching, or administrative practice)?  
 Very well  Well  Needs some improvement  Needs a lot of improvement  Not at all
5. How well did the series achieve the **intended results** in terms of changes in the learners, or in patient outcomes (i.e., patient safety & quality; decrease in unnecessary expenses; more appropriate prescribing; implementation of best practices; reduction in medical errors, etc.)  
 Very well  Well  Needs some improvement  Needs a lot of improvement  Not at all
6. What actions will you take to improve the effectiveness in changing learner behavior or in patient outcomes? Select all that apply:  
 Review the topics presented and make changes to the agenda  
 Change our educational methods to include more active audience participation  
 Include more case-based presentations  
 Provide learners with strategies to incorporate into their practice, as appropriate  
 No changes are needed  
 Other...please describe:
7. How satisfied are you with how well the series addressed the American Board of Medical Specialties/Institute of Medicine core competencies?  
 Very Satisfied  Satisfied  Somewhat Satisfied  Barely Satisfied  Not Satisfied
8. Look at your participant data and consider who your target audience was. To what extent did the activity reach the targeted audience?  
 90 -100% of the participants consisted of the targeted audience  
 80 - 89% of the participants consisted of the targeted audience  
 70 - 79% of the participants consisted of the targeted audience  
 60 - 69% of the participants consisted of the targeted audience  
 50 - 59% of the participants consisted of the targeted audience  
 Less than 50% of the participants consisted of the targeted audience
9. Based on the percentage of targeted audience participating in this activity, how satisfied are you with how well you are reaching the targeted audience?  
 Very satisfied  Satisfied  Somewhat Satisfied  Barely Satisfied  Not Satisfied

10. To improve reaching the target audience for next year's RSS, we plan to: (select all that apply)
- Change the time or day of the activity
  - Change the frequency of the activity
  - Unsure what to do and will survey the targeted audience to determine why they do not attend
  - We are satisfied we are reaching our target audience and no changes will be made
  - Other, please describe
11. Did your department develop or adopt new protocols, procedures, guidelines, etc. during the past year as a result of information learned from this past year's series?
- Yes, please explain
  - No
12. How can the RSS activity during this next year address the barriers your learners identified as preventing them from incorporating what they learned into their practice?
- Include discussion about barriers that may be encountered
  - Speakers will present strategies for overcoming the identified barriers
  - Will provide learners with available resources
  - Other, please describe
13. Was this RSS instrumental in addressing quality or patient safety issues during this past year?
- Yes, please explain how
  - No
14. How could the RSS contribute to quality improvement/patient safety issues in this next year? Mark all that apply.
- All of the sessions will focus on an identified QI or patient safety issue.
  - A portion of the sessions in the series will be dedicated to, or will incorporate some aspect of, a QI or patient safety issue.
  - The activity will involve providing strategies for addressing QI/patient safety and participants will be asked to note how they incorporated these strategies into their daily practice and we will review these at the next session.
  - We will incorporate focused instruction on QI and strategies for implementation into the series.
  - QI/patient safety will not be addressed.
  - Other, please describe
15. Did you try new instructional strategies in this past year?
- Yes, please explain what you tried, how well accepted and how effective it was
  - No
16. Do you plan to try any new instructional strategies during this next year?
- Yes, please describe
  - No
17. Were there other outcomes or achievements that occurred as a result of this series?
- Yes, Yes, please explain what you tried, how well accepted and how effective it was
  - No
18. Other outcomes or comments:
